

SAFETY

- In-House Safety Director
- 100% ISNetworld Certified
- SafeLand USA Trained
- LifeLines & Ladder Safety
- DISA: Drug & Alcohol Testing
- Best Possible EMR Rating
- Accident-Free Record Since Business Inception
- Continuous HSE Improvement & Weekly Training
- First Aid, CPR, AED, OSHA Trained & Certified Project Managers
- Full PPE/FR with Modern Gas Monitors

SAFETY FIRST - FOR LIFE!

FULL SERVICE DESIGN/BUILD OF ALL TYPES OF STEEL BUILDINGS USED IN THE AMERICAN ENERGY SECTORS

STEEL NATION®

UPSTREAM
Drilling & Production

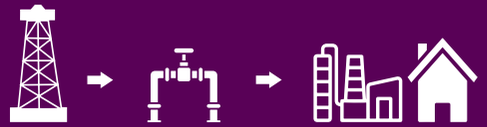

- Renewable Natural Gas
- Well Site Lift Compression

DOWNSTREAM
Industrial, Power, Commercial & Infrastructure Modernization

- Microgrids/Data Centers
- Administration/Offices
- Utility Distribution Interconnects
- Blast Rated
- Meter Station & Regulator Buildings
- MCC/VFD/PDC
- Power Plants
- Control & Odorizer Buildings
- GMB – Gas Measurement Buildings

MIDSTREAM
Processing, Compression & Transmission

- Gas Compressor
- Stabilizer Compressor
- Expander Compressor
- DeEthanizer Compressor
- Residue Compressor
- Refridge Compressor
- Water Storage
- Truck Loading
- Train Loading
- Instrument Air
- Admin & Blast Rated
- Warehouse
- Gas Chromatography
- Odorant
- Auxiliary
- MCC/VFD/PDC

STEEL NATION®

BUILDINGS

CLEAN, COOL, QUIET AND SAFE

Services

- Pre-Engineered Metal Buildings
- Building Designs
- Building Erection
- Building Engineering

Markets

- Oil & Gas
- Coal & Power Generation
- Microgrids/Data Centers
- Heavy Industrial
- Retrofits & Demolition

MECHANICAL

HVAC DESIGN/INSTALL

Services

- HVAC Service and Install
- HVAC Preventive Maintenance plans
- Process Piping
- Boiler Repairs
- Boiler Installs
- Duct Work

Markets

- Oil and Gas
- Microgrids
- Light and Heavy Industrial
- Design Build
- Commercial Buildings Oil & Gas

FACILITY SERVICES

MAINTENANCE/REPAIR/RETROFIT

Preventive/Predictive Maintenance

- **Building:** Building inspections, roof leak repairs, gutters, fall systems, ladders/handrails/platforms, Erect-A-Step Installations, building work for compressor pulls
- **Doors:** Inspect/Adjust/Lube rolling steel doors and man doors, add/relocate man doors and rolling steel doors, add explosion proof openers
- **Cranes:** Maintenance, Inspections, commissioning, load testing, survey and alignment
- **Electrical:** Lighting, fire/gas detection, lightning protection, access control, PA/alarm
- **Sitework:** Site fencing, security gates, guard houses, E&S Controls

- **HVAC:** Inspect/Repair/Maintain exhaust fans, dampers and louvers, HVAC systems; supply and install louvers, exhaust fans, dampers, hoods, HVAC Units
- **Piping:** Small Bore Piping, Valve Replacement, Instrumentation, Small Pumps, Pneumatic Tubing

MICROGRIDS

OFF GRID, ON-SITE POWER GEN

- Clean, White, Grey and "Cool" Server Buildings
- RICE (Reciprocating Internal Combustion Engines) + Turbine Buildings
- Medium Voltage PDC (Power Distribution Centers) & Switchgear
- BUS/Bus-Bar Safety Enclosure Buildings
- Low Voltage MCC (Motor Control Centers) & Switchgear
- BESS (Battery Energy Storage Systems) & Switchgear
- VFD (Variable Frequency Drive) Buildings
- GIS (Gas-Insulated Switchgear) Substations
- Control/Admin Buildings w/ Warehouses
- Compression: Stabilizer, Expander, DeEthanizer, Residue, Refridge
- Meter, Regulator, Gas Measurement, Interconnects, Blast Rated
